*Architects: Venturi, Scott Brown and Associates, Inc.*

*Location: Philadelphia, PA*

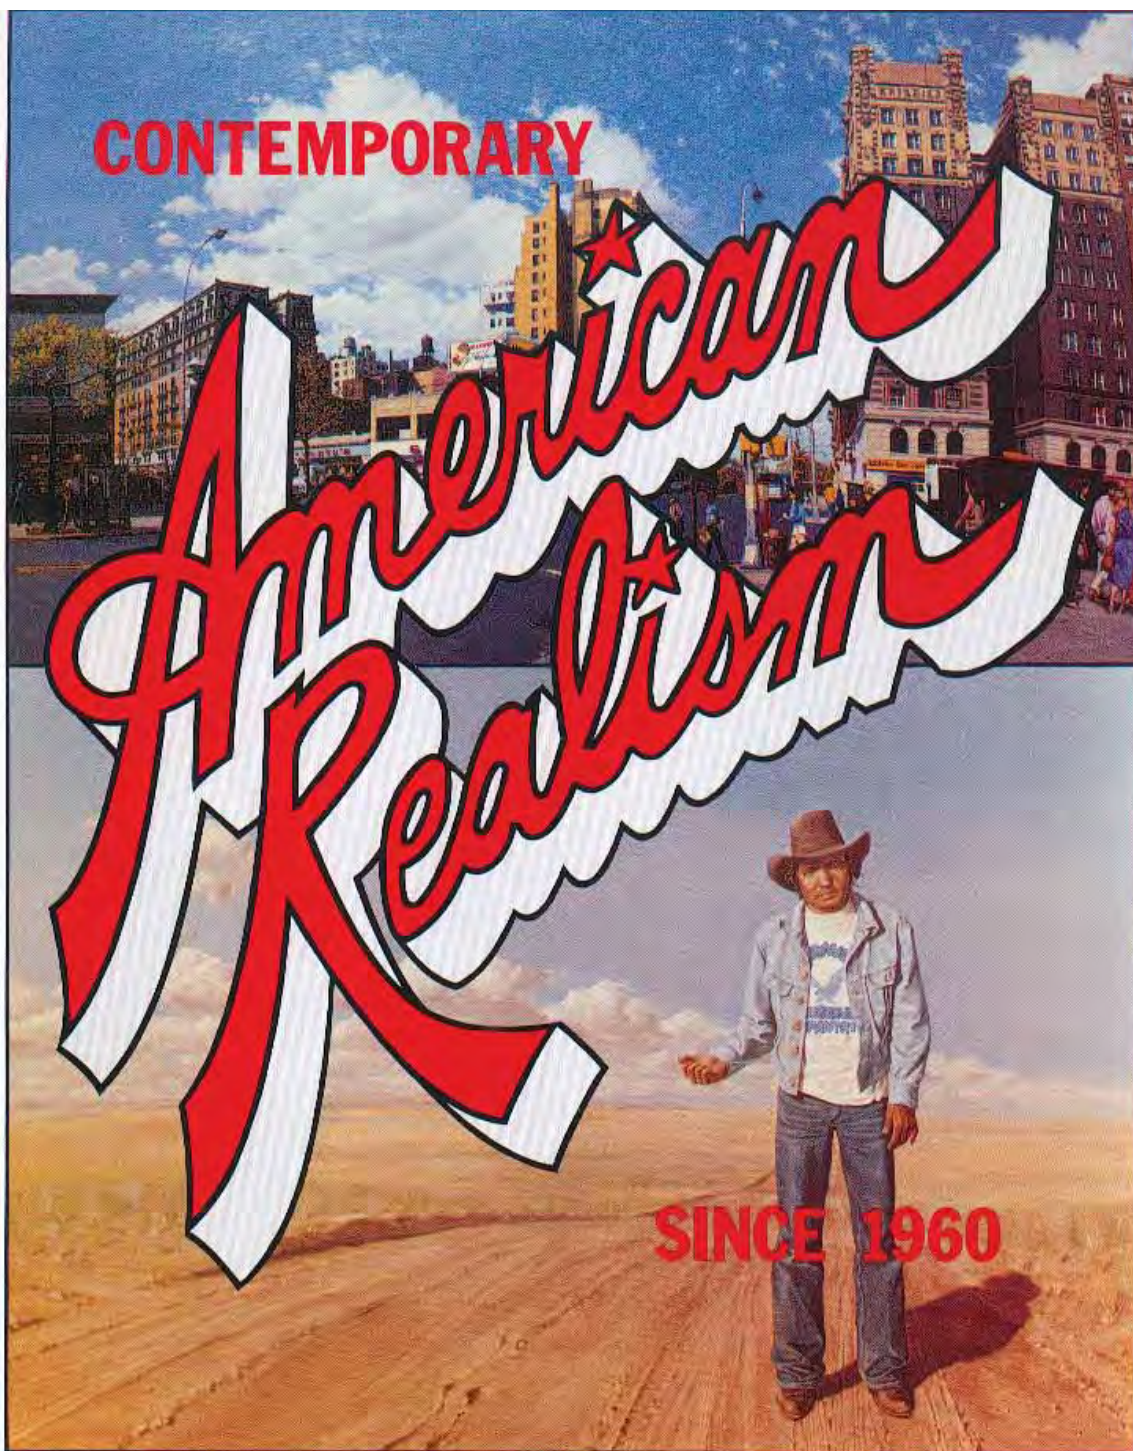

*Client: Pennsylvania Academy of the Fine Arts*

*Completion: 1976*

VSBA assisted with the restoration of this distinguished 19th-century museum and were responsible for the installation design of a Bicentennial exhibition on the history of American Art as related both to Philadelphia and the Academy.

In our continuing involvement with the Pennsylvania Academy, we designed and installed the *American Realism* show held at the Academy in 1981. Working closely with the curatorial staff, we were involved with selection, sequencing, graphic design, and installation design, which encompassed all exhibit areas in the Academy.
