THE LINCEOWITZ HOUSE

Architects: *Venturi, Scott Brown and Associates, Inc. in association with David Marohn*

Location: *Ghent, NY*

Client: *Simon Lince and Cary Leibowitz*

Area: *1,000 sf*

Completion: *2009*

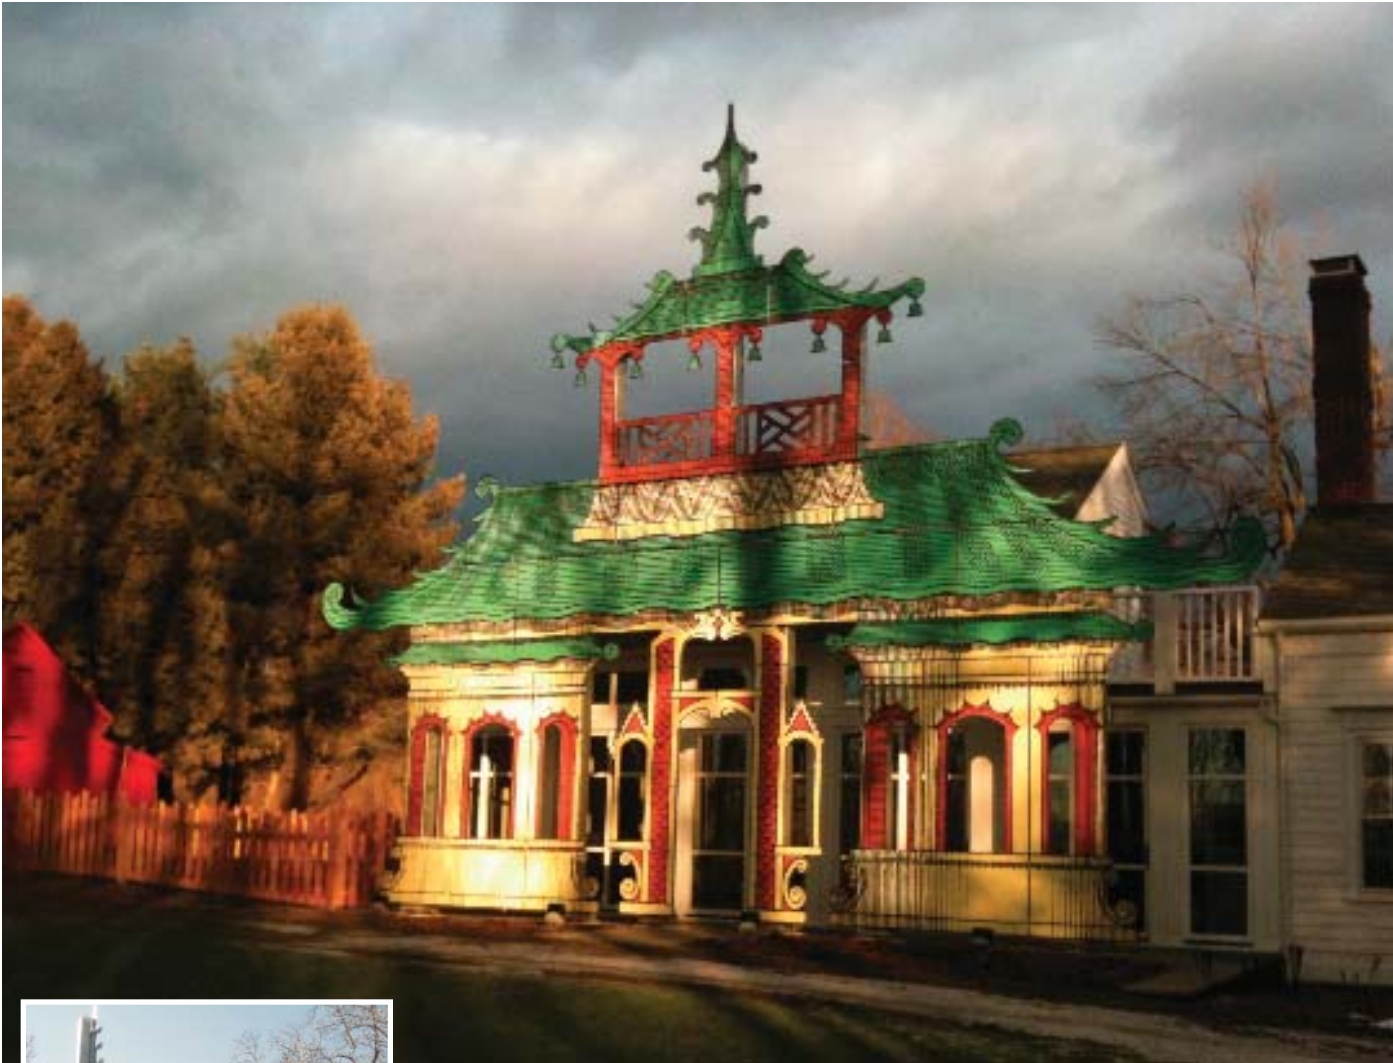

We worked closely with the homeowners to dramatically renovate and expand this beautiful house in Ghent, NY.

Most prominently, we created a new kitchen, living room, and screened porch contained in an addition cloaked behind an amazing free-standing two-dimensional graphic. In addition, we designed minor renovations to the existing structure -- creating a second floor bedroom, adding closets, and reinstalling windows. We also performed landscape design for the property and their garden.

In addition, we designed minor renovations to the existing structure -- creating a second floor bedroom, adding closets, and reinstalling windows.
