

**“HIGH STYLES: 20TH CENTURY AMERICAN DESIGN,”  
WHITNEY MUSEUM OF AMERICAN ART**

*Architects: Venturi, Scott Brown and Associates, Inc.*

*Location: New York, NY*

*Client: Whitney Museum of American Art*

*Completion: 1985*

In collaboration with the Whitney Museum, VSBA has designed a survey of Twentieth Century American furniture and decorative arts. The exhibition is divided into six fifteen year design periods, with each interpreted by a different curator. By running a common thread of articulated details and a subtle panoply of color throughout the show, Venturi, Scott Brown and Associates, Inc., has “disciplined the differences” of the varied styles represented in this century.
